Within the subject areas of its Charter, the Committee shall conduct a review of management's risk identification and assessment, which analyzes the likelihood and impact of identified risks on both an inherent (before controls) and residual basis; risk response, to avoid, accept, and reduce risk; and control activities so that policies and procedures are established and implemented to ensure risk responses are effectively carried out.

The Committee shall have the authority to retain, and shall evaluate at the expense of the Corporation, counsel, consultants or other outside advisers, with respect to any issue without consulting or obtaining the approval of any officer of the Corporation in advance.

4. Meetings and Reports. The Committee shall meet as frequently as circumstances dictate. The Chair, or any two members of the Committee, may call meetings of the Committee. Although personal attendance at meetings is encouraged, meetings of the Committee may be held by telephone conference.
